Activation rules

- 1

Starting as a Zinzino Partner (Back Office Entrance) is free, and you can earn retail profits and Cash Bonuses for subscription sales.
- 2

To earn compensation from sales volume from Partners in your team and their Customers, you must meet the qualifications to be an active Partner. In the month you start plus the next four calendar months, your monthly qualification is 10 Credits from your personal Customers and your product orders, called the Grace Period.
- 3

From the fifth calendar month, the monthly qualification to be an active Partner is four Personal Customer Points (PCP) in addition to 20 Credits from your personal Customers and your own product orders. When this is achieved, you have reached the Customer title of Q-Team.
- 4

To reach more titles, you must meet the Personal Customer Point, Personal Customer Volume and Balanced Credit requirements for the title before it is given to you.

PCP = Personal Customer Point. Each active personally registered Customer generates at least one Customer Point. If an active personal Customer purchases more than one product (1.25 Cr.), each additional product will generate another Customer Point. A repeat purchase of the same product in the following month will only generate one Customer Point.

PCV = Personal Credit Volume. Credit Volume from Personal orders and orders from personal Customers.

Balanced Credits = Balanced Credits 2:1: The number of Credits that count is based on the balance between your left and right teams. Balanced Credits start at a 50 / 50 ratio. However, a maximum of 2 parts of your qualifying Credits can come from the larger team in ratio to 1 part from the smaller team.

Partner Enrollment Points overview

Glossary

Pay Points = Credits are used to calculate Pay Points in our Compensation Plan. The goal is that one Pay Point should equal 1.00 = €1. The company reserves the right to adjust the Pay Point value if there is an overpayment of commissions in the company or within a specific group of Partners. Pay Points are converted to local currency at either a monthly or fixed exchange rate.

Cash Bonus = You receive a Premier Cash Bonus when you sell a Premier Customer Kit to a new or existing Customer. You receive a Retail Cash Bonus when a Retail Customer buys any single items (with a Credit value). All Partners are rewarded with a starting 10% up to a 30% Cash Bonus.

zRewards = X-Team and above titles are eligible for monthly zRewards. zRewards will be added to your account based on the local currency. zRewards can be used to buy products from the Zinzino range but applies to orders containing single items only. Orders paid with zRewards will not generate Credits. One zReward is equal to one Pay Point.

Customer Career Plan

Your journey starts with our
health tests. That's how we bring you
and the world back into balance.

How you get paid for your personal Customers

Cash Bonus

There are two types of Cash Bonuses: Premier Cash Bonus and Retail Cash Bonus (a percentage of the price excl. taxes). You receive a Premier Cash Bonus when you sell a Premier Customer Kit to a new or existing Customer. You receive a Retail Cash Bonus when a Retail Customer buys any single items with a Credit value. The Partner Price List outlines the Premier Kit offers that give a Cash Bonus and the items that generate a Retail Cash Bonus. All Partners, including Back Office Entrance, are rewarded with a starting 10% Cash Bonus up to a 30% Cash Bonus.

The bonus is paid on orders sold to personal Customers (your own Customers and their referred second-generation, third-generation Customers, and so on). Note: These are the only bonuses that do not require you to be an active Partner.

Recurring commissions

When you build a personal Customer base, the Team Commission and the Monthly Customer Bonus are how you get paid for recurring orders. After your Grace Period you need to be qualified as Q-Team to earn these bonuses.

Team Commission

Each order has a Credit value; these Credits will be added to the Team Commission each week, and you will get paid 10–15% on the combined weekly Credits. See page 36 for more information.

Customer Care Rewards Program for Partners

zRewards are awarded on a monthly basis for growing a Customer base. Your zRewards balance is displayed in the Partner Back Office and can be spent in the webshop on Zinzino products. Use these products to acquire new, or reward existing Customers. zRewards start from active X-Team.

Monthly Customer Bonus (MCB)

This bonus makes it possible for you to earn the most significant residual Customer commissions. While the Team Commission pays you for each order, the MCB pays you in increments. The MCB starts from active A-Team.

Benefits of qualifying as A-Team

RCB (Recurring Credit Bonus) is first achieved at A-Team. It makes the biggest difference in your career moving forward as it doubles the Credits generated by every recurring order; both your own and in your team.

Carefully study the table below and you can see how qualifying for A-Team and RCB will increase your income. In this example, it pays you an additional 350 PP.

Example	Personal Customers	Team Customers	Credits per Customer	Total Credits	10% Team Commission paid	zPhone	Title	Total income
Without RCB	24	380	4	1,616	150	-	Gold	150 PP

Mentor Matching Bonus

A 5–25% Mentor Matching Bonus can be earned on all your personally sponsored Partners’ Team Commission. It is paid in the weekly commission cycle. This bonus may not exceed the total of your weekly Team Commission. From level 6 and above you can match what you earn in weekly Team Commission for each Mentor Matching Bonus generation. To continue receiving the Mentor Matching Bonus, you must stay active each month. Dynamic compression will be applied if you do not qualify for the Mentor Matching Bonus. This means it will automatically go to the first Enrollment Upline qualified for the Mentor Matching Bonus, which is based on the percentage they are qualified for. From the week you re-qualify for the bonus, it will be paid to you again.

Level	Personally enrolled	Title of the enrollees	Percentage					
			1	2	3	4	5	6
1	2	Bronze	5%

Example:

Team Commission

You can earn 10–15% of your Credits (WCV) in Team Commission every week in each of your Income Centers (IC) on volume with a 2:1 balance between your teams in an Income Center. Active Partners in Zinzino begin with 10%. The table below shows how your Balanced Team Credits are calculated and converted into Pay Points.

10%						15%							
Balanced Credits / IC	500	1,000	1,500	2,000	2,500	3,000	4,000	5,000	6,000	7,000	8,000	9,000	10,000
Pay Points	50	100	150	200	250	450	600	750	900	1,050	1,200	1,350	1,500

If you reach more than 10,000 Credits, you can qualify for Volume Commission.

Volume Commission

1–4% of WCV paid weekly, on volume that has a 2:1 balance between your teams in an Income Center.

The earnings in this document are not necessarily representative of the income that a Zinzino Partner can or will earn through their participation in the Zinzino Compensation Plan. These figures should not be considered as guarantees or projections of actual earnings or profits. Any representation or guarantee of earnings would be misleading. Success with Zinzino results only from successful sales efforts, which require hard work, diligence and leadership. Your success will depend upon how effectively you put these qualities to work for you.

One-Time Title Bonuses

You can earn up to 3 One-Time Bonuses per title

1

You qualify the first month you reach the relevant title (or higher).

2

You qualify when the balanced Customer Points are reached (2:1 balance, no more than 2 parts can come from your larger team).

3

You qualify when the balanced build is achieved (Enrollment Lines Rank left & right).

You have to be active at the respective rank to be paid. This bonus is paid over 4–10 months. If you lose qualification, the remaining part of the bonus will be paid when the qualification is regained. This bonus is paid in the monthly commission cycle.

Zinzino glossary

Activation deadlines: A Partner must qualify by the end of the calendar month to be active the following calendar month. The deadline is 24:00 CET on the last day of the month.

Active Customer: An Active Customer has placed an order generating at least 1.25 Cr within the last 90 days.

Active Partner: Accumulates banking and earns commissions from all team volume.

Auto Order: 1 Product + a Test Kit in every 4th order + GoCore App access = 10 Credits.

Back Office Entrance (Sales Rep): It is free, and you can earn the Cash Bonus and retail profits.

Binary Line / Binary Tree: All your personally sponsored Partners and their unlimited generations, as well as all Partners placed below you in the Binary Tree by an upline and their unlimited generations.

Credits

Credits: All Zinzino products are assigned a “Credit” value standardized across countries and currencies. Zinzino uses Credits as an internal currency to determine Z4F eligibility and calculate commissions and bonuses in the Compensation Plan.

Balanced Credits 2:1: The number of Credits that count is based on the balance between your left and right teams. Balanced Credits start at a 50/50 ratio. However, a maximum of 2 parts of your qualifying Credits can come from the larger team in ratio to 1 part from the smaller team.

Banking Credits: Credits that cannot be used as Pay Points are banked as long as a Partner remains active. You may use banked Credits in the weekly and monthly commission cycles. Compensation calculations use Credits in a 2:1 balance, i.e. a maximum of 2/3 of your qualifying Credits can come from the larger team. When you reach the maximum payout for any compensation (e.g. Team Commission has a 1,500-Credit maximum), only the largest team saves banking. Zinzino banks a maximum of one million Credits both weekly and monthly.

	Left Credits	Right Credits	Balanced Credits	Banking Left	Banking Right
Example 1	450	450	900	0	0
Example 2	600	300	900	0	0
Example 3	900	300	900	300	0
Example 4	300	900	900	0	300

Credit accelerators

We have three Credit accelerators in Zinzino:

Enrollment Credit Bonus (ECB): Any new Enrollment Kit Credits (Premier Customers and Partners) are multiplied by 2, both for your weekly (WCV) and monthly (MCV) commission cycle.

ECBx: Any new Enrollment Kit Credits (Premier Customers and Partners) are multiplied by a factor for your monthly commission (MCV). For example, in our standard ECBx campaign, the Credits are multiplied by 3.

Recurring Credit Bonus (RCB): The Credits generated by any order not eligible for ECB (Customers and Partners) are multiplied by 2, both for your weekly (WCV) and monthly commission cycle (MCV).

Take a look at this table for a simple example of how they affect order Credits.

	Credits	ECB	ECBx	RCB
Partner Kit	150	300	450	-
Customer Kit	14	28	42	-
Z4F Auto Order	10	-	-	20
Customer subscription	4	-	-	8

Customer: A Customer is active for 90 days from the last purchase with a minimum of 1.25 Credits.

Customer Career Title: A title received in recognition of having built a personal Customer base of a certain size.

Customer Points: Each active Customer generates at least one Customer Point. If an active Customer purchases more than one product (1.25 Cr), each additional product will generate another Customer Point. A repeat purchase of the same product will only generate one Customer Point. Customer Points can be accumulated with the purchase of Premier Subscriptions, Premier Items, Retail Items and Prepaid Kits.

Cash Bonus: You receive a Premier Cash Bonus when you sell a Premier Customer Kit to a new or existing Customer. You receive a Retail Cash Bonus when a Retail Customer buys any single items (with a Credit value). All Partners are rewarded with a starting 10% up to a 30% Cash Bonus.

Premier Customer: A Customer with a Premier Kit order is called a “Premier Customer”. Premier Customers are eligible for our discounted premier price, the Customer Rewards Program and Zinzino4Free.

Personal Customer Points (PCP): Each active personally registered Customer generates at least one Customer Point. If an active personal Customer purchases more than one product (1.25 Cr), each additional product will generate another Customer Point. A repeat purchase of the same product in the following month will only generate one Customer Point.

Retail Customer: A Customer registered without a Premier Kit order is called a “Retail Customer” and will purchase Zinzino products at the retail price.

Monthly Customer Bonus (MCB): This bonus makes it possible for you to earn the most significant recurring Customer commissions. While the Team Commission pays you for each order, the MCB pays you in increments. The bonus starts from A-Team.

Team Customer Number: Your Team Customer number is the total of all your Personal Customer Points (PCP), Team Customer Points (TCP) and Partner Points.

Commissions: All commissions paid out by Zinzino are shown in gross income so that the same amount can be shown for everyone. Depending on regulations for your country and whether you are VAT-registered or not, various taxes may modify this amount, as per your local tax regulations. As a Partner in Zinzino, you are obliged to ensure that you register yourself in a proper manner in accordance with both your local government regulations and the requirements Zinzino sets. Commissions invoices are published in a PDF format in each Partner’s personal Back Office.

Compensation month: A Compensation month lasts from 00.00 CET - Central European Time on the first day of any calendar month until 24.00 CET - Central European Time on the last day of the same calendar month. The Compensation month includes all paid orders during this period. Zinzino will post new titles from the previous month in the Partner Back Office no later than the 10th day of the current month. Downline: A person / business below you in the Binary Tree or Enrollment Tree genealogy.

Dynamic compression of Enrollment Lines – Ambassador ranks and above: First, you will have to meet the criteria for the Balanced MCV of one Income Center and your personal activation. Secondly, you have to meet the MCV criteria for each Enrollment Line according to the following dynamic compression rules.

Ambassador, Royal Ambassador and Black Ambassador Enrollment Lines qualifications are: First line 100%, Second line 100%, and Third line will be all your other Enrollment Lines added together.

President, Elite President and Global President Enrollment Lines qualifications are: First line 100%, Second line 100%, Third line 70%, Fourth line 30%, and all other enrollment lines will be added together to fill up the 30% of the Third line and the 70% of your Fourth line so you can achieve the rank.

1 Star Global President Enrollment Lines qualifications are: First line 100%, Second line 100%, Third line 100%, Fourth line 70%, Fifth line 30%, and all other Enrollment Lines will be added together to fill up the 30% of the Fourth line and the 70% of your Fifth line so you can achieve the rank.

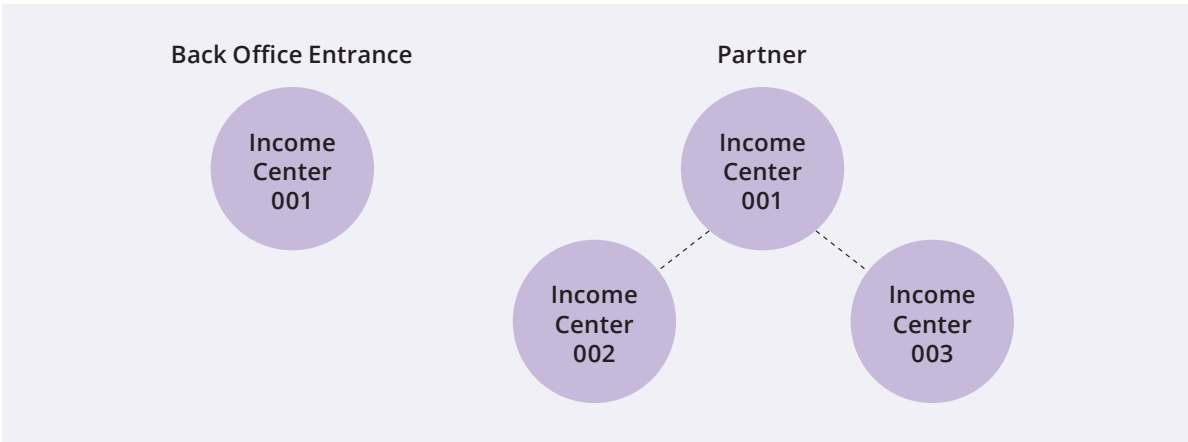

2 Star Global President Enrollment Lines qualifications are: First line 100%, Second line 100%, Third line 100%, Fourth line 100%, Fifth line 70%, Sixth line 30%, and all other Enrollment Lines will be added together to fill up the 30% of the Fifth line and the 70% of your Sixth line so you can achieve the rank.

The same principles apply for all higher Star President ranks, where additional Enrollment Lines can help fill up the last two qualifying lines.

Enrollment Line / Enrollment Tree: All your personally enrolled Partners (first generation) and all the Partners referred by your personally enrolled Partners (second generation, third generation, etc.) for unlimited generations.

Grace Period: As a new Partner, you have the month you start plus the following 4 months to learn, earn and get in balance with only a 10-Credit activation order from your Auto Order or your Customers’ orders before the full activation rules apply.

Income Center: Placement in the sales organization is labeled an Income Center (IC). Back Office Entrance will give you 1 IC. When you purchase a Partner Kit (10 Cr), you will be given 2 additional IC's. See figure below:

From the Diamond title, you are allowed to place additional IC's within your team. From the President title, you are allowed to place an additional IC above your 001 IC. The cost of these additional IC's is the purchase of a Basic Partner Kit.

Monthly Commission Cycle: Refers to commissions and rewards that are calculated monthly: One-Time Title Bonuses, zPhone, zCar, Z4F and zRewards.

Monthly Credits Volume (MCV): Credits are calculated in the Monthly Commission Cycle for title volume.

Monthly title recognition: Partners qualify for titles each month for pay rank (i.e. qualified title) in the following month. The qualified title determines bonuses and commissions. Partners may advance to the next title at any point in the current month.

One-Time Bonuses (OTB): Earned one time but paid out in increments.

Partner Contract: In order to remain a registered Partner with Zinzino, you must place an order of at least 1.25 Credits or create at least one new 1st generation Customer Point worth at least 1.25 Credits in a 12-month period. If you fail to do this, your position in the network will be frozen and after 24 months, your Partner ID will cease to be valid.

In addition to this, all rules laid out in the Partner Contract Terms, as well as the Marketing Rules & Ethics, regulate your relationship with Zinzino.

In order to maintain a Recognition pin, you have to have met the requirements for this pin at least once during the last 12 months.

Please, check Zinzino communications to Independent Partners in your Back Office and communicate with your sponsor regularly for ongoing important information.

Zinzino reserves the right to withhold the payment of commissions and bonuses if it is revealed that certain commissions or bonuses were obtained through qualification by unethical or false means. Zinzino's compliance department investigates all suspected frauds.

Partner Points: Each Partner who has placed an order with 1.25 or more Credits in the last 90 days is counted as a Partner Point. Partner Points are added to your total Customer Points.

Pay Points (PP): Credits are used to calculate Pay Points within the Compensation Plan. The goal is that one Pay Point should equal €1. The company reserves the right to adjust the Pay Point value if there is an overpayment of commissions in the company or within a specific group of Partners. Pay Points are converted to local currency at either a monthly or fixed exchange rate.

Personal Credit Volume (PCV): Credit Volume from personal orders and orders from personal Customers.

Sponsor / Enroller: A Partner who introduces a new Partner or Customer to Zinzino.

Title Fast Start: Q-Team, X-Team.

Title OTB: Pro-Team, Top-Team.

Upline: A person / business above you in the Binary Tree or Enrollment Tree genealogy.

Waiting Room: This is where Partners who have been registered with you as their Sponsor but are not yet placed in the binary tree are visible. Then, you can choose the placement for each of them. If the placement is not chosen 4 hours before any period deadline (weekly or monthly), the system will automatically place the Partner in a position according to the preference you have chosen as the default binary placement in your account settings. Partners in the Waiting Room will be placed according to their registration date. This means that the Partner with the oldest start date will get placed first. All Partners in the Waiting Room will be placed in time to be included for weekly and monthly deadlines. The Waiting Room will be closed during the last 4 hours before a weekly or monthly deadline and Partners that are registered during this time frame will automatically be placed according to Sponsor default binary placement option. To change option, go to Back Office/ account settings.

Web Account: Withdrawing money from your web account to a bank account has a fee (depending on your bank).

A minimum withdrawal amount could exist. Partners in frozen status are debited a monthly administration fee of 10 Pay Points converted to local currency.

All commissions are exchanged from Euro into local currency (except for Iceland, Bulgaria, Croatia, Czech Republic, Hungary and Romania) when paid out to your web account, using a weekly updated exchange rate from the European Central Bank / Riksbanken (Sweden's Central Bank).

Weekly commission cycle: Refers to commissions that are calculated weekly: Team Commission, CAB, Volume Commission and Mentor Matching Bonus.

Weekly Credit Volume (WCV): Credits that are calculated in the weekly commission cycle.

Customer Care Rewards Program for Partners: X-Team and higher titles are eligible for monthly zRewards. zRewards will be added to your account based on the local currency. zRewards can be used to buy products from the Zinzino range but applies to single item orders only. Orders paid with zRewards will not generate Credits. The zRewards account will be cleared if a Partner's status becomes frozen. One zReward is equal to one Pay Point.

Zinzino4Free (Z4F): If a Customer or Partner refers four (or more) Customers with the same (or larger) order, they can receive their next monthly order for free. They only pay for shipping. This benefits Partners and Customers since it makes it fun to involve everyone in finding new Customers.

Engage in the actions you wish to see duplicated with passion and enthusiasm. That will influence your results.
