HOW TO CHANGE YOUR FACEBOOK GROUP'S NAME, ON YOUR COMPUTER OR MOBILE DEVICE

In order to change a group's name, you have to be an administrator for the Facebook group.

If you've created a Facebook group, or another person has made you an administrator of their group, you are able to change that group's name. While Facebook has some restrictions, for the most part, you can call a group whatever you want, so long as the name doesn't violate Facebook's Community Standards and also adheres to Zinzino's Marketing rules and guidelines document.

HOW TO CHANGE A FACEBOOK GROUP'S NAME USING YOUR COMPUTER

In order to change the name of a Facebook group, you'll need to be a group administrator — that is, you have to either be the person who created the group itself or be made a group admin by the group's creator.

1. After you've logged in to your Facebook account on your PC or Mac computer, click on the name of the group that you want to change. If you're having trouble finding the group, look for it under "Shortcuts" on the left side of your screen.

2. Underneath the group's header image, click on "More" and then click on "Edit Group Settings."

3. Next to "Group Name," click on the field with the group's name in it and type the new name for your group.

Search this group Q		

4. Once you have typed the name you want, scroll to the bottom of the screen and click "Save."

Your Facebook group's name should now have changed to the one you typed in. Facebook may send an automatic notification to other members of the group about the name change.

Please note that you can only change a Facebook Groups name every 28 days, so make sure you get your name correct before hitting submit.

HOW TO CHANGE A FACEBOOK GROUP'S NAME USING YOUR MOBILE DEVICE

The process for a mobile device is similar in that you'll need to be one of the group's admins in order to change the group's name.

1. Open the Facebook app on your iPhone or Android and tap on the Menu icon in the bottom-right corner of the screen, represented by three horizontal lines.

2. Tap on "Groups" and then tap on the name of your group. If you're having trouble finding it, tap on "Your Groups" and then scroll down to "Groups You Manage."
