Learn how to protect yourself

Science and technology are developing at the fastest rates in human history

We know more about nutrition and wellness than ever before. So why are our health challenges increasing?

Our results show that 99% are in danger

- Imbalance of Omega-6 and Omega-3
- Low levels of Omega-3
- Inadequate polyphenols in our diet
- Low levels of vitamin D₃

WE EAT MORE OMEGA-6

WE EAT A LOT LESS OMEGA-3

ARE YOU IN THE DANGER ZONE?

LEARN HOW TO PROTECT YOUR-
SELF BY GETTING IN BALANCE

RATIO
3:1

WHERE YOU WANT TO BE

Science recommends you have a 3:1 ratio between essential fatty acids Omega-6 and Omega-3.

RATIO
16:1

**PEOPLE WHO TAKE AN
OMEGA-3 SUPPLEMENT**

Shockingly, even people who take an Omega-3 supplement have an average ratio of 16:1.

RATIO
25:1

WHERE YOU PROBABLY ARE

People who don't take an Omega-3 supplement are out of balance with 25:1 ratio.

Tests don't lie!

This simple, easy test measures your level of Omega-3, and the critical ratio between your Omega-6 and Omega-3 fatty acid intake.

Take the test and we'll send you back a report on your blood work. If you're in the 5% of people already at health levels of Omega-3 and polyphenols, we'll refund your money back. Really.

We have performed over 670,000 BalanceTests worldwide

Our unique combination

OMEGA-3 + POLYPHENOLS = RESULTS

WILD FISH OIL AND ALGAE

BalanceOil+ contains the highest quality fish oil that is derived from small pelagic fish, such as sardines, anchovies and mackerel.

BalanceOil+ Vegan comes from the marine micro algae *Schizochytrium* sp. that is rich in the Omega-3 fatty acids EPA and DHA.

POLYPHENOLS FROM OLIVES

BalanceOil+ contains a special cold-pressed, extravirgin pre-harvested oil from Spanish, GMO free, picual olives. It is rich in Omega-9, but is specially selected for its very high content of polyphenols.
