## PLANT STEM CELL TECHNOLOGY

### **STEM CELL EXTRACTION FROM AWARDING-WINNING MAJESTEM™ (EDELWEISS) AND SNOW ALGAE**

This biotechnological procedure maintains and activates the skin's stem cells. Activated stem cells positively affect multiple areas, including genes, cells, matrix and tissue – areas closely linked to reducing signs of aging. They protect cell DNA, stimulate and improve natural cell renewal, strengthen skin structure, and make skin smooth for firmer and younger-looking skin.

## REDUCES WRINKLES

### **ANTI-WRINKLE PEPTIDE COMPLEX ARGIRELINE®**

AMAZE includes an Argireline® complex. Argireline® is a revolutionary anti-aging ingredient that fights fine lines and pronounced wrinkles. It invigorates the skin, leaving it firm and healthy. It also minimizes skin impurities and combats the formation of large pores. Argireline® is the only anti-wrinkle peptide with clinically proven effects.

## MOISTURIZES

### **72H MOISTURE COMPLEX – PENTAVITIN (ECOCERT/NATRUE CERT)**

This biotechnological moisture complex creates a moisture barrier on the skin after application and binds deep within the layers of skin, holding on tight for up to 72 hours.

### **HYALO-OLIGO COMPLEX (ECOCERT/ORGANIC CERTIFIED)**

A low molecular weight, short-chain hyaluronic acid which penetrates deep into the skin and provides lasting moisture. The Hyalo-Oligo complex supports two times more moisture retention than conventional hyaluronic acid. It improves the structure of the skin's deeper, elastic layers, and actively supports skin regeneration.

## OTHER EFFECTS

- ✔ **PROVENCE ROSE**, a gentle antiseptic and astringent, anti-inflammatory, cleanses skin and prevents blemishes. Helps minimize redness and soothes irritation. Ideal for all skin types (acne, dry, mature, sensitive).
- ✔ **MALACHITE** detoxes and protects the skin from oxidative stress. As a copper derivative, stimulates collagen production, increases skin elasticity, and prevents wrinkles.
- ✔ **ALOE VERA** moisturizes, calms and soothes itchiness or irritation. It has anti-aging and antimicrobial properties and is anti-inflammatory. Eradicates skin blemishes, diminishes age lines, and helps to increase the production of collagen.

## ALTERNATIVE PRESERVATIVES

To combat the formation of microorganisms, HANZZ+HEIDII uses nature-identical preservatives, which occur in nature in the same composition, but cannot be obtained in the required quantity or quality. They are therefore synthetically reproduced with the help of chemical reactions, and are approved according to the BDIH natural cosmetics standard conventional preservatives. These do not irritate or dry out the skin.
