## BEAUTIFYING CELLULAR SERUM – FOR ALL SKIN TYPES

CORRECT

### BENEFITS OF BOOZT

BOOZT IS A CONCENTRATED BEAUTIFYING CELLULAR SERUM, REACTIVATING, BUILDING AND FIRMING. PROVIDES VISIBLY SMOOTHED, PLUMPED AND YOUTHFUL-LOOKING SKIN. FOR ALL SKIN TYPES.

BOOZT consists of a highly potent mix of active ingredients comprised of plant stem cells from Swiss snow algae and edelweiss, an anti-wrinkle peptide complex, and a unique combination of minerals, vitamins and natural oils. Powerful moisture complexes with short- and long-chain hyaluronic acids ensure long-lasting moisturization of the skin.

This multifunctional serum visibly corrects fine lines and wrinkles for incomparable skin comfort and ultimate smoothness. Optimizes skin elasticity – the skin is reenergized, plumped and intensively hydrated. It strengthens the skin's natural barriers, promotes collagen and elastin formation, and stimulates cell renewal.

### KEY BENEFITS

- ✓ Helps to instantly plump out fine lines and wrinkles.
- ✓ Rebuilds and increases skin hydration, and firms by boosting elastin and collagen production.
- ✓ Restores skin's elasticity through long-lasting hydration and promotes skin's lipid barrier with a powerful Moisture Complex.
- ✓ Reenergizes and helps to promote skin function.
- ✓ Provides visibly smoothed, plumped and youthful-looking skin.

## PLANT STEM CELL TECHNOLOGY

### STEM CELL EXTRACTION FROM AWARDING-WINNING MAJESTEM™ (EDELWEISS) AND SNOW ALGAE

This biotechnological procedure maintains and activates the skin's stem cells. Activated stem cells positively affect multiple areas, including genes, cells, matrix and tissue – areas closely linked to reducing signs of aging. They protect cell DNA, stimulate and improve natural cell renewal, strengthen skin structure, and make skin smooth for firmer and younger-looking skin.

## REDUCES WRINKLES

### ANTI-WRINKLE PEPTIDE COMPLEX ARGIRELINE®

BOOZT includes an Argireline® complex. Argireline® is a revolutionary anti-aging ingredient that fights fine lines and pronounced wrinkles. It invigorates the skin, leaving it firm and healthy. It also minimizes skin impurities and combats the formation of large pores. Argireline® is the only anti-wrinkle peptide with clinically proven effects.

**SWISS ICE WINE ELIXIER VIN UPLIFT** was shown to immediately lift and tighten the skin, with a significant decrease of wrinkle depth already 30 minutes after application. Visibly erases fine lines for hours in just minutes. Reveals a youthful and fresh appearance. Moisturizes all day long.

## MOISTURIZES

### MOISTURE COMPLEX – CRISTALHYAL® (ECOCERT/COSMOS APPROVED)

The high-molecular weight, long-chain, biotechnologically derived hyaluronic acid (obtained by fermentation) attaches itself to the skin's deep layer. Here, it forms a protective external layer over the skin. It smooths the skin, making it soft and locking moisture into the deep layer.

### HYALO-OLIGO COMPLEX (ECOCERT/ORGANIC CERTIFIED)

A low molecular weight, short-chain hyaluronic acid which penetrates deep into the skin and provides lasting moisture. The Hyalo-Oligo complex supports two times more moisture retention than conventional hyaluronic acid. It improves the structure of the skin's deeper, elastic layers, and actively supports skin regeneration.

## OTHER EFFECTS

- ✓ **VITAMIN E (TOCOPHEROL)** fights oxidative stress by blocking free radicals, increases skin hydration, prevents the appearance of wrinkles, has anti-inflammatory and healing properties, acts as natural protection against the effect of UV rays. Blocks environmental toxins by acting as a skin barrier.
- ✓ **APRICOT OIL** revitalizes, soothes and can help prevent acne, inflammation, and dryness.
- ✓ **ALOE VERA** moisturizes, calms and soothes itchiness or irritation. It has anti-aging and antimicrobial properties and is anti-inflammatory. Eradicates skin blemishes, diminishes age lines, and helps to increase the production of collagen.

## ALTERNATIVE PRESERVATIVES

To combat the formation of microorganisms, HANZZ+HEIDI uses nature-identical preservatives, which occur in nature in the same composition, but cannot be obtained in the required quantity or quality. They are therefore synthetically reproduced with the help of chemical reactions, and are approved according to the BDIH natural cosmetics standard conventional preservatives. These do not irritate or dry out the skin.
