

COLLAGEN ULTRA - TROPICAL CRUSH

COLLAGEN PEPTIDE BEAUTY FOOD SUPPLEMENT WITH SWEETENER

KETO-FRIENDLY

SOY-FREE

SUGAR-FREE

CAFFEINE-FREE

PRODUCT OVERVIEW

Collagen Ultra is a convenient daily collagen peptide food supplement that combines five collagen sources with carefully selected vitamins and minerals.

Each serving provides vitamin C, which contributes to normal collagen formation for the normal function of the skin, cartilage and bones, along with zinc, selenium, and vitamin A which contribute to maintenance of normal hair, skin and nails.¹⁻⁴ The formula provides also copper that contributes to the maintenance of normal connective tissues and to normal pigmentation of hair and skin.⁵⁻⁶

This easy-to-mix powder blends smoothly into hot or cold drinks, making it a simple addition to your everyday beauty and wellness routine alongside a balanced diet and a healthy lifestyle.

- ▶ Vitamin C contributes to normal collagen formation for the normal function of the skin, cartilage, and bones^{1,2}

Contains: **fish** and **egg**.

CONTENT: 15 × 7.7 g, Net weight 115.5 g

KEY BENEFITS

Contributes to normal collagen formation for skin, cartilage and bones^{1,2}

- ▶ Collagen Ultra provides vitamin C, which contributes to normal collagen formation for the normal function of the skin, cartilage and bones.^{1,2} Collagen is an important structural component of connective tissues, and vitamin C plays a role in supporting the body's natural collagen formation processes as part of a varied and balanced diet.

Contributes to the maintenance of normal skin, hair and nails^{3,4}

- ▶ Collagen Ultra includes vitamin A, zinc and selenium, which contribute to the maintenance of normal skin, hair and nails.^{3,4} These essential micronutrients support everyday beauty and wellness by contributing to normal physiological functions related to skin, hair and nails when consumed as part of a varied diet.

Contributes to the maintenance of normal connective tissue and pigmentation^{5,6}

- ▶ Collagen Ultra provides copper, which contributes to the maintenance of normal connective tissues and to normal pigmentation of skin and hair.^{5,6} These functions are important for maintaining the body's natural structure and appearance as part of overall wellness.

Provides collagen peptides with essential micronutrients

- ▶ Each serving of Collagen Ultra delivers 4.5 g of collagen peptides alongside key vitamins and minerals in a convenient powdered format. This combination offers a simple way to complement your daily nutrition with ingredients commonly used in collagen food supplements, designed to fit into a balanced diet and healthy lifestyle.
