

IT WORKS! SUPER GREENS – CHOCOLATE

CHOCOLATE SUPERFOOD GREENS BLEND – DAILY MINERALS & FIBER FOOD SUPPLEMENT

KETO-FRIENDLY

SOY-FREE

PRODUCT OVERVIEW

Indulgent chocolate super greens daily mineral & fiber food supplement. A delicious daily super greens food supplement combining plant-based vegetables, algae, fiber and essential minerals in a smooth chocolate-flavored drink. This nutrient-dense powder provides magnesium, calcium and potassium to complement your everyday nutrition routine. Magnesium contributes to normal energy-yielding metabolism¹, electrolyte balance², and the reduction of tiredness and fatigue³, while calcium contributes to the normal function of digestive enzymes⁶ and potassium contributes to normal muscle function⁴ and the maintenance of normal blood pressure⁵. With cocoa, greens, and naturally sourced minerals, this easy-to-mix formula offers a convenient and enjoyable way to add greens and key nutrients to your day. Simply stir into water for a chocolate greens drink that fits effortlessly into a balanced diet and healthy lifestyle.

- ▶ Contributes to normal energy-yielding metabolism and helps reduce tiredness and fatigue (magnesium)^{1,3}
- ▶ Supports electrolyte balance for everyday hydration (magnesium)²
- ▶ Contributes to the normal function of digestive enzymes (calcium)⁶
- ▶ Supports normal muscle function and the maintenance of normal blood pressure (potassium)^{4,5}
- ▶ High-fiber, plant-based greens blend with vegetables, algae and botanicals
- ▶ Smooth chocolate flavor for an easy, enjoyable daily greens drink

KEY BENEFITS

Contributes to normal energy-yielding metabolism and the reduction of tiredness and fatigue^{1, 3}

- ▶ Super Greens provides magnesium, which contributes to normal energy-yielding metabolism¹ and to the reduction of tiredness and fatigue³. These functions are important for supporting everyday energy levels as part of a varied and balanced diet and a healthy lifestyle.

Supports electrolyte balance for daily hydration²

- ▶ Magnesium in Super Greens also contributes to electrolyte balance², which plays a role in maintaining the body's normal hydration processes. Including magnesium as part of your daily intake helps support overall balance in the body as part of regular nutrition.

Contributes to normal muscle function and the maintenance of normal blood pressure^{4, 5}

- ▶ Super Greens includes potassium, which contributes to normal muscle function⁴ and to the maintenance of normal blood pressure⁵. These essential functions support everyday physical well-being when consumed as part of a balanced diet.

Contributes to the normal function of digestive enzymes⁶

- ▶ Super Greens provides calcium, which contributes to the normal function of digestive enzymes⁶. Digestive enzymes play a role in the body's natural process of breaking down food, supporting normal digestion as part of daily nutrition.

HEALTH CLAIMS (EU)

¹ Magnesium contributes to normal energy-yielding metabolism.
² Magnesium contributes to electrolyte balance.
³ Magnesium contributes to the reduction of tiredness and fatigue.
⁴ Potassium contributes to normal muscle function.
⁵ Potassium contributes to the maintenance of normal blood pressure.
⁶ Calcium contributes to the normal function of digestive enzymes.
