

XTEND+

ALL-NATURAL MULTI IMMUNE SYSTEM DIETARY SUPPLEMENT*

PRODUCT HIGHLIGHTS

Xtend+ is a vegan, all-natural advanced immune and nutritional supplement that perfectly complements BalanceOil and ZinoBiotic. Created to support your innate immune system,* it contains micro- and phytonutrients, including 22 essential vitamins and minerals, as well as purified 1-3, 1-6 beta glucans derived from baker's yeast.

Xtend+ comes in easy-to-swallow vegan capsules.

All-natural means a shift to vitamins derived from natural sources like acerola berries (for vitamin C) or buckwheat (for various B vitamins), as well as minerals from our nature, while keeping all the phytonutrients.

In addition, we replaced the inactive ingredients like anti-caking and bulking agents needed in the production process (called excipients) with natural alternatives derived from coconut, rice and potato.

Overall, we managed to reduce the amount of excipients used by 60%.
